THREE EPOCHS IN A WOMAN'S LIFE

MRS. ELVA BARBER EDWARDS
There are three critical stages in a
woman's life which leave their mark
in her career. The first of these stages
is womanhood, or the change from a
care free girl to budding womanhood,
The second is motherhood, and the
third is Change of Life.

Perils surround each of these stages,
and most of the misery that comes
to women through ill health dates
from one or another of these important crises.
